NOTE:

This Student/Parent Handbook is based in significant part on policies adopted by the Board of Education and Administrative Guidelines developed by the Superintendent. Those Board Policies and Administrative Guidelines are incorporated by reference into the provisions of this Handbook. The Policies and Administrative Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this Handbook since it was printed in July 2020. If you have questions or would like more information about a specific issue or document, contact your school principal, or access the document on the District's website.

Student Code of Conduct (including Student Discipline Code) adopted by the Board of Education, June 2023

FOREWORD

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and procedures. Please take time to become familiar with the important information contained in this Handbook and keep the Handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this Handbook, you are encouraged to talk to your teachers or the building principal. This Handbook replaces all prior handbooks and other written material on the same subjects. This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of June 2022. If any of the policies or administrative guidelines referenced herein are revised, the language in the most current policy or administrative guideline prevails. Copies of current Board policies and administrative guidelines are available from the building principal and on the District's web site.

MISSION OF THE SCHOOL

The Pike-Delta-York Middle School provides a quality education focused on the needs of youth in transition from childhood to adolescence. A partnership exists between parents, staff, and the community to ensure the academic and personal growth of our students.

COMMUNITY SERVICE

Community service is part of student personal growth within the mission of Pike-Delta-York Middle School. This is accomplished in different ways here at DMS. All students take turns (2 or 3 days) washing trays at lunch time in the cafeteria to help build a sense of community among the students. Also, each year our building promotes and participates in "Rakin' the Town", community recycling at the park, trash pickup at both the school and the park.

EQUAL EDUCATION OPPORTUNITY

This District provides an equal educational opportunity for all students.

Any person who believes that they have been discriminated against on the basis of their race, color, disability, religion, gender, or national origin while at school or a school activity should immediately contact the School District's Compliance Officer(s):

Ellen Bernal
Elementary Principal

419-822-5630

1099 Panther Pride Drive

Delta, OH. 43515

Complaints will be investigated in accordance with the procedures described in this Handbook. Any student making a complaint or participating in a school investigation will be protected from retaliation. The Compliance Officer(s) can provide additional information concerning equal access to educational opportunity.

SCHOOL DAY

School begins at 8:10am and dismisses at 2:55pm. No student shall enter the building before 7:30am and no student without official business and being unsupervised shall still be in the building after 3:30pm.

STUDENT RESPONSIBILITIES

The School's rules and procedures are designed to allow students to be educated in a safe and orderly environment. All students are expected to follow staff members' directions and to obey all school rules.

Students must arrive at school on time, prepared to learn and participate. If, for some reason, this is not possible, the student should seek help from the building principal.

In order to keep parents informed of their child's progress in school, parents will be provided information on a regular basis and whenever concerns arise. Many times it will be the responsibility of the student to deliver the information. The School, however, may use the mail or hand delivery when appropriate. Parents have the option of receiving communication from the School via email by filling out the appropriate form available in the school's administrative office. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish their educational goals.

STUDENT WELL BEING

Student safety is the responsibility of both students and staff. Staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist or other violent attack, and accident reporting procedures. If a student is aware of any dangerous situation or accident, they must notify a staff person immediately.

State law requires that all students have an emergency medical authorization completed and signed by a parent or guardian on file in the School office.

Students with specific healthcare needs should deliver written notice about such needs, along with physician documentation, to the School office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If the injuries are minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission.

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

In general, State law requires students to enroll in the school district in which their parent or legal guardian reside;

- unless enrolling under the District's open enrollment policy.
- unless enrolling and paying tuition.

New students under the age of 18 must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

- A. a birth certificate or similar document
- B. court papers allocating parental rights and responsibilities, or custody (if appropriate)
- C. proof of residency
- D. proof of immunizations

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. The guidance office will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the District Liaison Homeless Children with regard to enrollment procedures.

In addition, if a new student resides in the District with a grandparent and is the subject of a: (1) power of attorney designating the grandparent as the attorney-if-fact; or (2) a caretaker authorization affidavit executed by the grandparent that provides the grandparent with authority over the care, physical custody, and control of the child, including the ability to enroll the child in school, consent in all school related matters, and discuss with the District the child's educational progress, the student's grandparent may enroll the child in school on a tuition-free basis. However, in addition to the above-referenced documents that are typically required for enrollment, the grandparent must provide the District with a duly executed and notarized copy of a power of attorney or caretaker authorization affidavit.

A student suspended or expelled by another public school in Ohio may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

If a student has been recently discharged or released from the custody of the Department of Youth Services (DYS) and is seeking admittance or re-admittance into the District, the student will not be admitted until the following records, which are required to be released by DHS to the Superintendent, have been received:

- A. an updated copy of the student's transcript;
- B. a report of the student's behavior while in DHS custody;
- C. the student's current IEP, if one has been developed for the child; and
- D. a summary of the instructional record of the child's behavior.

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

SCHEDULING AND ASSIGNMENT

Schedules are provided to each student at the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Any changes in a student's schedule should be handled through the guidance office. Students may be denied course enrollment due to lack of available space or the need for the student to pass prerequisite courses. Students are expected to follow their schedules. Any variation must be approved with a pass or schedule change.

EARLY DISMISSAL

No student may leave school prior to dismissal time without a parent or guardian either submitting a signed written request or coming to the School Office personally to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a written permission note signed by the custodial parent(s) or guardian.

WITHDRAWAL / TRANSFER FROM SCHOOL

No student under the age of eighteen (18) is allowed to withdraw from school without the written consent of their parents and in compliance with State law. A student who otherwise withdraws from school shall be reported to the juvenile judge of the county and to the Bureau of Motor Vehicles for suspension of their driver's license, if they are under the age of 18.

Parents must notify the Principal about plans to transfer their child to another school. School records, including disciplinary records of suspension and expulsion, will be transferred to the new school within 14 days of the parents' notice or request.

IMMUNIZATIONS

Students must be current with all immunizations required by law, including but not limited to poliomyelitis, measles, diphtheria, rubella, pertussis, tetanus, and mumps, or have an authorized exemption from State immunization requirements. Kindergarten students must be immunized against Hepatitis B and chicken pox. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement. Any questions about immunizations or exemptions should be directed to the school nurse.

EMERGENCY MEDICAL AUTHORIZATION

A complete Emergency Medical Authorization Form must be on file with the School in order for a student to participate in any activity off school grounds, including field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities. The Emergency Medical Authorization form is provided at the time of enrollment and at the beginning of each school year.

USE OF MEDICATIONS

Students who must take prescribed medication during the school day, must comply with the following guidelines:

- A. Parents should, determine with the counsel of their child's prescriber whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The appropriate form must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours or to use an inhaler to self-administer asthma medication. Such forms must be filed annually and as necessary for any change in the medication.
- C. All medications must be registered with the Principal's Office and must be delivered to school in the original containers in which they were dispensed by the prescribing physician or licensed pharmacist, labeled with the date, the student's name, and the exact dosage to be administered.
- D. Medication that is brought to the office will be properly secured. Except as noted below, medication must be delivered to the Principal's Office by the student's parent or guardian or by another responsible adult at the parent or guardian's request. Except as noted below, students may not bring medication to school. Students may carry emergency medications for allergies and/or reactions, or asthma inhalers during school hours provided the student has written permission from a parent or physician and has submitted the proper forms. In the case of epinephrine autoinjectors ("epi pens' '), in addition to written permission and submission of proper forms, the parent or student must provide a backup dose to the school nurse. Students are strictly prohibited from transferring emergency medication, epi pens, or inhalers to any other student for their use or possession.

Medication may be conveyed to school directly by the parent or transported by transportation personnel (bus driver and/or bus aide) at parental request. This should be arranged in advance.

If, for supportable reasons, the Principal wishes to discontinue the privilege of a student self-administering a medication, except for the possession and use of asthma inhalers, the parent(s) shall be notified of the decision in sufficient time for an alternative means of administration to be established.

- A. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.
- B. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.
- C. The principal will maintain a log noting the personnel designated to administer medication, as well as the date and the time of day that administration is required. This log will be maintained along with the prescriber's written request and the parent's written release.

Non-prescribed (Over-the-Counter) Medications

No staff member will dispense non prescribed, over-the-counter (OTC) medication to any student without prior parent authorization. Parents may authorize administration of a non prescribed medication via Final Forms. Physician authorization is not required in such cases.

If a student is found using or possessing a non-prescribed medication without parent authorization, the student will be brought to the School office while the student's parents are contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes medication of any kind or who is found in possession of unauthorized medication is in violation of the School's Code of Conduct and will be disciplined in accordance with the drug-use provision of the Code.

A student may possess and use a metered dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms, at school or at any activity, event, or program sponsored by or in which the student's school is a participant if the appropriate form is completed and on file in the Principal's Office.

A student who is authorized to possess and use a metered dose or dry powder inhaler may not transfer possession of any inhaler or other medication to any other student.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific communicable diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will be limited to the contagious period as specified in the School's administrative guidelines.

CONTROL OF NON-CASUAL CONTACT COMMUNICABLE DISEASES

The School District has an obligation to protect staff and students from non-casual contact communicable diseases. When a non-casual contact communicable disease is suspected, the student's health will be reviewed by a panel of resource people, including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child bleeds at school and students or staff members are exposed to the blood. Any testing is subject to laws protecting confidentiality.

CONTROL OF BLOOD-BORNE PATHOGENS

The School District seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school-related activities. While the risks of students being exposed to blood-borne pathogens may be low, students must assume that all body fluids are potentially infectious and must take precaution to follow universal procedures in order to reduce such risks and minimize and/or prevent the potential for accidental infection.

Students may be exposed to blood-borne pathogens in situations, including, but not limited to the following:

- Engaging in activities with other students in the school environment (e.g., physical education class) where physical injuries or other actions that can cause bleeding or exposure to saliva and other body fluids may occur.
- Working with equipment in the school environment that can cause cuts or similar injuries that produce bleeding.
- Participating in extracurricular activities (i.e., athletic activities) where physical injuries or other actions that can cause bleeding may occur.

Whenever a student has contact with blood or other potentially infectious material, they must immediately notify their teacher, who will contact the school nurse and assist the student in completing the requisite documents (e.g., Form 8453.02 F1 - Exposure Report).

The parents of a student who is exposed will be contacted immediately regarding the exposure and encouraged to have the student's blood tested for Hepatitis B and HIV by their physician. The student's parents are encouraged to consult with the student's physician concerning any necessary post-exposure treatment.

The student's parent will also be asked to provide a copy of the test results and any post-exposure treatment for maintenance in the student's educational record in accordance with the Federal and State laws concerning confidentiality.

The parents of the student who caused the exposure will also be contacted immediately and advised to have the student's blood tested for Hepatitis B and HIV virus either in cooperation with their physician.

The student's parents will be asked to provide a copy of the test results for maintenance in the student's educational record in accordance with Federal and State laws concerning confidentiality.

The student's parents will be encouraged to allow the District to release their child's name to the exposed student's parents, in the event serious health issues are presented as a result of the exposure.

STUDENTS WITH DISABILITIES

The Americans with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act (Section 504) prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but to all individuals who have access to the District's programs and facilities.

The laws define a person with a disability as anyone who:

- A. Has a mental or physical impairment that substantially limits one or more major life activities;
- B. Has a record of such an impairment; or
- C. Is regarded as having such an impairment.

The District has specific responsibilities under these two laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

Additionally, in accordance with State and Federal mandates, the District seeks out, assesses and appropriately services students with disabilities. Staff members use a comprehensive child study process to systematically screen, assess and, if appropriate, place students in special education and related services. Students are entitled to a free appropriate public education in the "least restrictive environment."

A student can access special education and related services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEIA), A.D.A. Section 504) and State law. Contact the school counselor at 419-822-9118, ext. 1107 to inquire about evaluation procedures, programs, and services.

HOMELESS STUDENTS

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by the District. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in gifted and talented programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack of proof of residency. For additional information contact the guidance secretary.

PROTECTION AND PRIVACY OF STUDENT RECORDS

The School District maintains many student records including both directory information and confidential information.

Directory information includes: a student's name; address; telephone number; date and place of birth; major field of study; participation in officially-recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; or awards received.

The Board designates school-assigned email accounts as "directory information" for the limited purpose of facilitating students' registration for access to various online educational services, including mobile applications/apps that will be utilized by the student for educational purposes and for inclusion in internal email address books.

School-assigned email accounts shall not be released as directory information beyond this/these limited purpose(s) and to any person or entity but the specific online educational service provider and internal users of the District's Education Technology.

Directory information shall not be provided to any organization for profit-making purposes.

Parents and eligible students may refuse to allow the Board to disclose any or all of such "directory information" upon written notification to the Board within ten (10) days after receipt of the Superintendent's annual public notice.

In accordance with Federal and State law, the Board shall release the names, addresses, and telephone listings of secondary students to a recruiting officer for any branch of the United States Armed Forces or an institution of higher education who requests such information. A secondary school student or parent of the student may request in writing that the student's name, address, and telephone listing not be released without prior consent of the parent(s)/eligible student. The recruiting officer is to sign a form indicating that "any information received by the recruiting officer shall be used solely for the purpose of informing students about military service and shall not be released to any person other than individuals within the recruiting services of the Armed Forces." The Superintendent is authorized to charge mailing fees for providing this information to a recruiting officer.

Whenever consent of the parent(s)/eligible student is required for the inspection and/or release of a student's health or education records or for the release of "directory information," either parent may provide such consent unless agreed to otherwise in writing by both parents or specifically stated by court order. If the student is under the guardianship of an institution, the Superintendent shall appoint a person who has no conflicting interest to provide such written consent.

The Board may disclose "directory information," on former students without student or parental consent, unless the parent or eligible student previously submitted a request that such information not be disclosed without their prior written consent.

The Board shall not permit the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all "directory information" upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release you may consult the Board's annual *Family Education Rights and Privacy Act* (FERPA) notice which can be found on the district website, Board Policy 8330.

Other than directory information, access to all other student records is protected by FERPA and Ohio law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age. The Board will provide access or release directory information to armed forces recruiters unless the parent or student request that prior written consent be obtained. See Form 8330 F13.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to the guidance office. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of their right to a hearing on the matter.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, their parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or the student's parents;
- B. mental or psychological problems of the student or the student's family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or their parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact the building secretary to inspect such materials.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the principal.

The Superintendent will notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose); and
- B. the administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRa. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW 20202-4605

STUDENT FEES AND FINES

Students will be provided necessary textbooks for courses of instruction without cost. In accordance with State law, Pike-Delta-York Schools charge specific fees for the following activities and materials used in the course of instruction (including but not limited to): workbooks, instructional materials, field trips made during school hours or made after school hours if the field trip is required or a customary part of a class or extracurricular activity, deposits for uniforms or equipment related to varsity and intramural sports or to fine arts programs, participation in some extracurricular activities, charges required for a particular class or for gym uniforms, graduation fees, and school record fees.

Charges may also be imposed for loss, damage or destruction of school apparatus, equipment, musical instruments, library materials, textbooks and for damage to school buildings or property. Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment.

Fees may be waived in situations where there is financial hardship.

Students can avoid late fines by promptly returning borrowed materials.

Failure to pay fines, fees, or charges may result in the withholding of grades and credits.

STUDENT FUND-RAISING

Students participating in school-sponsored groups and activities may solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules apply to all fund-raisers:

- Students involved in the fund-raiser must not interfere with students participating in other activities when soliciting funds.
- Students may not participate in a fund-raising activity for a group in which they are not members without the approval of the students' counselor.
- Students may not participate in fund-raising activities off school property without proper supervision by approved staff or other adults.
- Students may not engage in house-to-house canvassing for any fund-raising activity.
- Students may not participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the Principal.
- Students may not sell any item or service in school without the prior approval of the Principal. Violation of this policy may lead to disciplinary action.

STUDENT VALUABLES

Students should not bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The School is not liable for any loss or damage to personal valuables.

MEAL SERVICE

The School participates in the National School Lunch Program and makes lunches available to students for a fee as posted on the district website. Ala carte items are available. Students may also bring their own lunch to school to be eaten in the School's cafeteria. No student may leave school premises during the lunch period without specific written permission from the Principal.

Applications for the School's Free and Reduced-Priced Meal program are distributed to all students. If a student does not receive an application form and believes they are eligible, contact the building secretary.

Meal Charge Policy

To ensure that all students have access to healthy school meals and to be good financial stewards, Pike-Delta-York has instituted a charge policy. The following defines the policy on charges to the student meal account:

- Charges are designed to cover a situation in which a parent or student forgets to provide or bring money for breakfast or lunch.
- A \$10.00 limit has been put in place for those students paying full price for meals and for those who pay a reduced price to cover the time for payment to be processed.
- Any student who reaches the \$10.00 limit of charge will be offered a peanut butter sandwich and a choice of milk.
- Breakfast and lunch can all be charged up to the \$10.00 maximum dollar amount; a la carte items may not be charged..
- Parents who do not want their child purchasing extras can request a block on the lunch account. ^[1]_{SEP}
- Meal charges will not be permitted the last 2 weeks of school, and all charges must be paid before the end of the year.
- Parents may prepay for their child's lunch account by sending money to their child's school. Parents may also prepay by going online to www.payforit.net. This account is free to view meal activity/balance; however, there is a transaction fee to prepay online. Please also note that a transaction may take up to 24 hours to post to the lunch account.

SAFETY AND SECURITY

Ensuring that our school is safe and secure for all Panthers is our foremost obligation to our families and the community. In order maintain a safe and secure environment within our school, the following rules shall be observed:

- A. All visitors must report to the office when they arrive at school.
- B. All visitors are given and required to wear a building pass while they are in the building.
- C. Staff are expected to question people in the building whom they do not recognize and who are not wearing a building pass, and to question people who are "hanging around" the building after hours.
- D. Students and staff are expected to immediately report to a teacher or administrator any suspicious behavior or situation that makes them uncomfortable.
- E. As many unneeded outside doors as possible are locked during the school day.
- F. Portions of the building that will not be needed after the regular school days are closed off.

FIRE, TORNADO, AND SAFETY DRILLS

The School complies with all fire safety laws and will conduct fire drills in accordance with State law. The School conducts tornado drills during the tornado season following procedures prescribed by the State. The alarm system for tornadoes consists of a constant tone on the building wide speaker system. Teachers will provide specific instructions on how to proceed in the case of fire or tornado and will oversee the safe, prompt, and orderly evacuation of the building in such cases.

Safety drills will be conducted once per school year. Teachers will provide specific instruction on the appropriate procedures to follow in situations where students must be secured in their building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property, or other acts of violence.

EMERGENCY CLOSING AND DELAYS

If the School must be closed or the opening delayed because of inclement weather or other conditions, the School will notify local radio and television stations.

Parents will be notified of school closings or delays via a pre-recorded telephone message delivered to the phone number on file.

Parents and students are responsible for knowing about emergency closings and delays.

PREPAREDNESS FOR TOXIC AND ASBESTOS HAZARDS

The School is concerned for the safety of students and attempts to comply with all Federal and State Laws and Regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of the School District's *Preparedness for Toxic Hazard and Asbestos Hazard Policy* and asbestos management plan is available for inspection at the Board offices upon request.

VISITORS

Visitors, particularly parents, are welcome at the School. Visitors must report to the office upon entering the School to sign in and obtain a pass. Any visitor found in the building without signing in and/or a pass shall be reported to the Principal. If a person wishes to confer with a member of the staff, they should call for an appointment prior to coming to the School in order to schedule a mutually convenient meeting time.

Students may not bring visitors to school without prior written permission from the Principal.

USE OF THE LIBRARY

The library is available to students throughout the school day. Passes may be obtained from a student's teacher or from the librarian. In order to avoid late fees, all materials checked out of the library must be returned by the due date communicated when checked out.

USE OF SCHOOL EQUIPMENT AND FACILITIES

Students must receive teacher permission before using any equipment or materials in the classroom. Students must seek permission from the Principal prior to using any other school equipment or facility. Students are responsible for the proper use and protection of any equipment or facility they are permitted to use.

LOST AND FOUND

The lost and found area is in the hallway near the office. Students who have lost items should check there and may retrieve their items if they give a proper description. Unclaimed items will be given to charity at the periodically throughout the school year.

USE OF OFFICE TELEPHONES

Office telephones may not be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call.

Telephones are available in the School for students to use when they are not in class. Students are not to use telephones to call parents to receive permission to leave school. Office personnel will initiate all calls on behalf of a student seeking permission to leave school.

USE OF WIRELESS COMMUNICATION DEVICES

In order to avoid disruption of the educational environment and protect students' right of privacy, student use of personal communication devices (PCDs) is prohibited on school grounds during school hours.

Technology including, but not limited to, PCDs intended and actually used for instructional purposes (e.g., taking notes, recording classroom lectures, writing papers) will be permitted, as approved by the classroom teacher or the building principal. However, the use of a PCD to engage in non-education-related communications is expressly prohibited.

For purposes of this policy, "personal communication device" includes but not limited to computers, tablets (e.g., iPads and similar devices), electronic readers ("e-readers"; e.g. Kindles and similar devices), cell phones (e.g., mobile/cellular telephones, smartphones (e.g., iPhone, Android devices, etc.), telephone paging devices (e.g., beepers or pagers), GPS tracking devices to include audio monitoring (such as "Gizmo" and "AngelSense") and/or other web-enabled devices of any type (smart watches, earbuds, etc.). Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school. Students may use PCDs while riding to and from school on a school bus or other Board-provided vehicles or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.

Also, during after school activities, PCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight when directed by the administrator or sponsor.

Under certain circumstances, a student may keep their PCD "On" with prior approval from the building principal.

Except as authorized by a teacher, administrator or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted.

PCDs, including but not limited to those with cameras, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, gymnasiums, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The Superintendent and building principals are authorized to determine other specific

locations and situations where use of a PCD is absolutely prohibited.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, color, national origin, sex, sexual orientation, disability, age, religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, emails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned-over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian or turned-over to law enforcement. School officials will not search or otherwise tamper with PCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy **5771** – Search and Seizure. If multiple offenses occur, a student may lose their privilege to bring a PCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal. Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse, or unauthorized use of, PCDs brought onto its property.

“Sexting” is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

ADVERTISING OUTSIDE ACTIVITIES

Students may not post announcements or advertisements for outside activities without receiving prior approval from the Principal. The Principal will attempt to respond to a request for approval within 1 school day of its receipt.

SECTION II - ACADEMICS

COURSE OFFERINGS

In addition to the core academic subjects (English Language Arts, Math, Science and Social Studies) offered all 4 years at DMS; students will be offered courses in P.E., Art, Music, Band, Chorus, Technology, Family Consumer Science, and Spanish.

Advanced Mathematics Program

Mission Statement

The Advanced Math Program (AMP) at Pike-Delta-York Middle School is committed to preparing students for success in mathematics during high school, college, and career by meeting the needs of students in the program with a rigorous curriculum.

Program Overview

5th Grade: **General Education**

All students are in the general education classroom setting, but receive individualized instruction and enrichment.

6th Grade: **Advanced Math**

Recommended students and students identified as gifted in mathematics receive specialized instruction

7th Grade: **Pre-Algebra**

Students are evaluated using the AMP framework to enter Pre-Algebra, a prerequisite for Algebra I.

8th Grade: **Algebra I & II**

Students are evaluated using the AMP framework and receive high school credit for their participation in Algebra I.

Criteria

As it is the goal of AMP to meet the needs of each student in the program, the Math Department and Guidance Office have selected a set of quantitative criteria to select students for participation in the curriculum. The criteria are of two sorts; Quantitative and Qualitative. When combining these criteria to evaluate a student's candidacy for participation in AMP, we aim to eliminate any perception of bias and subjectivity, giving instead an undoubtedly fair and objective assessment.

Quantitative Criteria

There are three quantitative data that when adjusted and averaged result in a student's **composite score**. This number is a value that gives an objective, norm-referenced (NRT), and criterion-referenced (CRT) starting point for evaluation for participation in AMP. A candidate's composite score is out of a possible 100 points.

State Testing Score (33%)

A candidate's most recent state mathematics test score is expressed in percentage form. This percentage represents one equal part of a candidate's composite score.

Local Baseline Assessment Score (33%)

Each candidate takes a pre-assessment from the successive mathematics course, which assesses readiness for subsequent mathematics and offers a local tool to assess candidates currently outside of AMP. A candidate's score on this assessment is expressed in percentage form. This percentage represents one equal part of a candidate's composite score.

Overall Course Grade (33%)

A candidate's most updated current or most recent mathematics course grade is the final criterion. This grade percentage represents one equal part of a candidate's composite score.

The average of	STATE TESTING SCORE	+	LOCAL BASELINE ASSESSMENT	+	OVERALL COURSE GRADE	=	COMPOSITE SCORE
----------------	---------------------	---	---------------------------	---	----------------------	---	-----------------

Qualitative Criteria

Three qualitative data are considered in addition to a candidate's **composite score**.

State Testing Rating

A student's rating (*Limited, Basic, Proficient, or Accelerated*) on their most recent mathematics testing is a general valuation that is useful to easily assess their mastery of grade-level content.

Gifted Identification

A student who is identified as being gifted in mathematics or superior cognitive ability would likely benefit from services offered within the AMP program.

Teacher Recommendation

A candidate's current teacher will offer their recommendation if they are convinced that the student would be successful in the successive course. If a teacher declines to recommend a student, the teacher will cite one of the disqualifying criteria.

Disqualifying Criteria

1. **Academic Struggle** (*C overall grade or lower, other academic concerns*)
2. **Academic Dishonesty**
3. **Classroom Disruption and/or Safety Concern**
4. **Other** (*With Explanation*)

Important Dates

The following dates are important dates in the AMP timeline. Students currently enrolled in AMP in danger of not receiving their current teacher's recommendation will receive no fewer than two notices by the dates outlined below. All candidates will be evaluated and a roster will be determined beginning March 11. That roster will be finalized by scheduling in April.

- First Notice: **December 21, 2023** (End of 2nd Quarter)
- Applications Open: **January 3, 2024**
- Second Notice: **February 8, 2024** (3rd Quarter Midterms)
- Applications Due: **March 1, 2024**
- Determination: **March 8, 2024** (End of 3rd Quarter)
- Scheduling: **April 2024**

FIELD TRIPS

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the School's co-curricular and extracurricular program. No minor student may participate in any school-sponsored trip without parental consent and a current emergency medical form on file in the office. Medications normally administered at school will be administered while on field trips. The Student Code of Conduct applies to all field trips. The following considerations apply to school field trips:

- Attendance rules apply to all field trips.
- While the District encourages students to participate in field trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend.
- Students who violate school rules may lose the privilege to go on field trips.

GRADING scale

Pike-Delta-York Middle School utilizes a school-wide weighted grading system as follows:

- 65% Summative Assessments (unit/chapter tests, projects, portfolios, presentations, and quizzes)
- 20% In School Assignments (in-class work completed after guided instruction)
- 15% Homework (if an assignment leaves the classroom it is considered homework)

Grade Point Average

To calculate a grade point average (G.P.A.), assign a weighted point value to each course grade and divide by the total number of credits.

The School applies the following grading system:

A = 4 points	90% -100%
B = 3 points	80% - 89%
C = 2 points	70% - 79%
D = 1 point	60% - 69%
F = 0 points	0% - 59%

Grading Periods

Students will receive a report card at the end of each quarter grading period (approximately 9 weeks) indicating their grades for each course of study for that portion of the academic term.

When a student appears to be at risk of failure, reasonable efforts will be made to notify the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

PROMOTION, PLACEMENT, ACCELERATION, AND RETENTION

Promotion to the next grade (or level) is based on the following criteria:

- A. current level of achievement based on instructional objectives and mandated requirements for the current grade
- B. potential for success at the next level
- C. emotional, physical, and/or social maturity necessary for a successful learning experience in the next grade

A student may be **accelerated** (either by whole-grade or by subject area) when their performance and measured ability significantly exceeds that of their grade level peers. Students can be nominated for acceleration by teachers, administrators, parents, and the student him/herself. Decisions regarding acceleration are based on the following criteria:

- A. achievement of grade/course objective and any applicable State-mandated requirements for the grade/course in which the student is currently and any grade(s)/course(s) in the student will skip
- B. achievement of instructional objectives for the present grade/course as well as the succeeding one(s)
- C. potential for success in the accelerated placement based on sufficient proficiency at current level
- D. social, emotional, and physical maturation necessary for success in an accelerated placement

A student may be **retained** at their current grade level based on the following criteria:

- A. failure to demonstrate proficiency in mathematics and reading
- B. failure to achieve the instructional objectives at the current grade level that are requisite for success at the next grade level
- C. scoring at the below basic level on any State-mandated assessment test

A student will be retained if they are truant (absent without excuse) for more than ten percent (10%) of the required attendance days of the current school year AND has failed two (2) or more of the required curriculum subject areas in the current grade.

Even if they fall in the preceding category, a student may be moved to the next grade level if the Principal and the teachers of the classes that the student failed agree that it is in the student's best interest to do so. In this case, the student would be **placed** in the next grade level.

Promoted	<i>Meeting the criteria for moving to the next grade level.</i>
Placed	<i>Not meeting all criteria for promotion at a grade level,) but individual students moving to the next grade.</i>
Accelerated	<i>The early promotion of individual students to the next grade or higher (based on their academic achievements or readiness for higher level work or advancing them in one or more content areas).</i>
Retained	<i>Not meeting the criteria for promotion and thus individual students remaining at the same grade level.</i>

RECOGNITION OF STUDENT ACHIEVEMENT

Students who display significant achievements during the course of the year are recognized for their accomplishments. Areas that may merit recognition include, but are not limited to, academics, athletics, performing arts, citizenship, and volunteerism. Recognition for such activities is initiated by the staff and coordinated by the guidance office/principal office.

Honor Roll(s)

A student must achieve the following for Honor Roll each quarter:

- 3.5 GPA to 4.00 GPA 1st Honor Roll.
- 3.0 GPA to 3.49 GPA 2nd Honor Roll.

Athletic Awards

Requirements for athletic awards are developed by each head coach with the approval of the Athletic Director. Student athletes interested in such awards should consult with the appropriate coach.

HOMWORK POLICY

Homework is a necessary step in a student completing the learning cycle. Student grades will reflect the completion of all work, including outside assignments. Homework is a critical part of the student's preparation for assessments and graduation.

The Homework Policy at Pike-Delta-York Middle School follows the recommended guidelines by the National Educators Association, which is 10 minutes per grade level (5th=50 minutes, 6th=60 minutes, 7th=70 minutes, 8th=80 minutes). This is merely a guideline and our teams of teachers will do their best to plan for this using the "reasonable student standard".

LATE WORK POLICY

10% off final grade each day late up to final assessment for that unit or end of quarter, whichever comes first. Some homework assignments are completion grades, which require the student to have the assignment 100% complete when due or the teacher may assign a 0% as a grade for that assignment. That assignment may still be required to be completed and turned in.

COMPUTER TECHNOLOGY AND NETWORKS

The District provides Internet services to its students. The District's Internet system has a limited educational purpose, and has not been established as a public access service or a public forum. Student use of the District's computers, network and Internet services/connection ("Network") are governed by the following principles and guidelines, and the Student Code of Conduct. Users have a limited privacy expectation in the content of their personal files and records of their online activity while on the Network.

Parents and students are advised that the Board may not be able to technologically limit access through the Board's Internet connection to only those services that have been authorized for the purpose of instruction, study and research related to the curriculum. Because it serves as a gateway to any publicly available file server in the world, the Internet opens classrooms and students to electronic information resources that have not been screened by educators for use by students of various ages. The District utilizes a Technology Protection Measure, which is a specific technology that will protect against (e.g., filter or block) access to visual displays/depictions that are obscene, pornographic, and materials that are harmful to minors, as defined

by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the Technology Protection Measure may be configured to protect against access to other material considered inappropriate for students to access.

The District further utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that a determined user may be able to gain access to services on the Internet that are not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The District supports and respects each family's right to decide whether to apply for independent student access to the Internet.

Students are encouraged to use the "Network" for educational purposes. Use of the Network is a privilege, not a right. When using the Network, students must conduct themselves in a responsible, efficient, ethical, and legal manner. Students are responsible for good behavior on the District's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. Unauthorized or inappropriate use of the Network, including any violation of these rules, may result in cancellation of the privilege, disciplinary action consistent with the Student Code of Conduct, and/or civil or criminal liability. Prior to accessing the Network, students must sign the Student Network and Internet Acceptable Use and Safety Agreement. Parent permission is required for minors. Parents are encouraged to discuss their values with their children so that students can make decisions regarding their use of the Network that is in accord with their personal and family values, in addition to the Board's standards.

Students must complete a mandatory training session/program regarding the appropriate use of technology and online safety and security as specified in Policy 7540.03 – Student Network and Internet Acceptable Use and Safety before being permitted to access the Network and/or being assigned an email address.

Smooth operation of the Network relies upon users adhering to the following guidelines. The guidelines outlined below are not exhaustive but are provided so that users are aware of their general responsibilities:

- A. Students are responsible for their behavior and communication on the Network.
- B. Students may only access the Network by using their assigned Network account. Use of another person's account/address/password is prohibited. Students may not allow other users to utilize their account/address/password. Students may not go beyond their authorized access.
- C. Students may not intentionally seek information on, obtain copies of, or modify files, data or passwords belonging to other users, or misrepresent other users on the Network.
- D. Students may not use the Network to engage in "hacking" or other illegal activities (e.g., software pirating; intellectual property violations; engaging in slander, libel, or harassment; threatening the life or safety of another; stalking; transmission of obscene materials or child pornography; fraud; sale of illegal substances and goods).
- E. Transmission of any material in violation of any State or Federal law or regulation, or Board policy is prohibited.
- F. Any use of the Network for commercial purposes (e.g., purchasing or offering for sale personal products or services by students), advertising, or political lobbying is prohibited.
- G. Use of the Network to engage in cyberbullying is prohibited. "Cyberbullying" involves the use of information and communication technologies such as email, cell phone and pager text messages, instant messaging (IM), defamatory personal Web sites or MySpace accounts, and defamatory online personal polling Websites, to support deliberate, repeated, and hostile behavior by an individual or

group, that is intended to harm others." For further information on cyberbullying, visit <http://www.cyberbullying.ca>

Cyberbullying includes, but is not limited to the following:

- posting slurs or rumors or other disparaging remarks about a student or school staff member on a web site or on weblog;
- sending email or instant messages that are mean or threatening, or so numerous as to drive up the victim's cell phone bill;
- using a camera phone to take and send embarrassing photographs/recordings of students or school staff members or post these images on video sharing sites such as YouTube;
- posting misleading or fake photographs of students or school staff members on web sites.

*** To the extent permitted by the First Amendment, instances of cyber-bullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct.**

Students are expected to abide by the following generally-accepted rules of network etiquette:

- Be polite, courteous, and respectful in your messages to others. Use language appropriate to school situations in any communications made through the Network. Do not use obscene, profane, lewd, vulgar, rude, inflammatory, sexually explicit, defamatory, threatening, abusive or disrespectful language in communications through the Network (including, but not limited to, public messages, private messages, and material posted on web pages).
- Do not engage in personal attacks, including prejudicial or discriminatory attacks.
- Do not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person. If a student is told by a person to stop sending him/her messages, the student must stop.
- Do not post information that, if acted upon, could cause damage or a danger of disruption.
- Never reveal names, addresses, phone numbers, or passwords of yourself or other students, family members, teachers, administrators, or other staff members while communicating on the Internet. This prohibition includes, but is not limited to, disclosing personal identification information on commercial web sites.
- Do not transmit pictures or other information that could be used to establish your identity without prior approval of a teacher.
- Never agree to get together with someone you "meet" on-line without parent approval and participation.
- Check email frequently and diligently delete old mail on a regular basis from the personal mail directory to avoid excessive use of the electronic mail disk space.
- Students should promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable, especially any email that contains pornography. Students should not delete such messages until instructed to do so by a staff member.

Malicious use of the Network to develop programs that harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computing system is prohibited. Students may not use the Network in such a way that would disrupt its use by others. Students must avoid intentionally wasting limited resources. Students may not bypass or attempt to bypass the District's Technology Protection Measure. Students must immediately notify the teacher, principal, or secretary if they identify a possible security problem. Students should not go looking for security problems, because this may be construed as an unlawful attempt to gain access.

All communications and information accessible via the Internet should be assumed to be private property (i.e. copyrighted and/or trademarked). All copyright issues regarding software, information, and attributions/acknowledgement of authorship must be respected. Rules against plagiarism will be enforced.

Downloading of information onto the Board's hard drives is prohibited, without prior approval from a teacher. If a student transfers files from information services and electronic bulletin board services, the student must check the file with a virus-detection program before opening the file for use. Only public domain software may be downloaded. If a student transfers a file or software program that infects the Network with a virus and causes damage, the student will be liable for any and all repair costs to make the Network once again fully operational.

Students must secure prior approval from a teacher or the principal before joining a Listserv (electronic mailing lists) and should not post personal messages on bulletin boards or "Listservs."

Students are prohibited from accessing or participating in online "chat rooms" or other forms of direct electronic communication (e.g., instant messaging) (other than email) without prior approval from a teacher or the principal. All such authorized communications must comply with these guidelines.

Users have limited expectation of privacy in the contents of their personal files, communication files, and record of web research activities on the Network. Routine maintenance and monitoring, utilizing both technical monitoring systems and staff monitoring, may lead to discovery that a user has violated Board policy and/or the law. An individual search will be conducted if there is reasonable suspicion that a user has violated Board policy and/or law. Students' parents have the right to request to see the contents of their children's files and records.

Use of the Internet and any information procured from the Internet is at the student's own risk. The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Network will be error-free or without defect. The Board is not responsible for any damage a user may suffer, including, but not limited to, loss of data, service interruptions, or exposure to inappropriate material or people. The Board is not responsible for the accuracy or quality of information obtained through the Internet. Information (including text, graphics, audio, video, etc.) from Internet sources used in student papers, reports, and projects should be cited the same as references to printed materials. The Board will not be responsible for financial obligations arising through the unauthorized use of the Network. Students or parents of students will indemnify and hold the Board harmless from any losses sustained as the result of misuse of the Network by the student. Use of the Network by students will be limited to those students whose parents have signed a release of claims for damages against the Board.

File-sharing is strictly prohibited. Students are prohibited from downloading and/or installing file-sharing software or programs on the Network.

Students may not establish or access web-based email accounts on commercial services through the Network (e.g., Gmail), Hotmail, Yahoo mail, etc.).

Since there is no central authority on the Internet, each site is responsible for its own users. Complaints received from other sites regarding any of the District's users will be fully investigated and disciplinary action will be taken as appropriate.

Preservation of Resources and Priorities of Use: Computer resources are limited. Because space on disk drives and bandwidth across the lines which connect the Network (both internally and externally) are limited, neither programs nor information may be stored on the system without the permission of the principal. Each student is permitted reasonable space to store email, web, and personal files. The Board reserves the right to require the purging of files in order to regain disk space. Students who require access to the Network for class-or instruction-related activities have priority over other users. Students not using the Network for class-related activities may be "bumped" by any student requiring access for class-or instruction-related purposes. The following hierarchy will prevail in governing access to the Network:

- Class work, assigned and supervised by a staff member.

- Class work, specifically assigned but independently conducted.
- Personal correspondence (checking, composing, and sending email).
- Training (use of such programs as typing tutors, etc.)
- Personal discovery ("surfing the Internet").
- Other uses – access to resources for "other uses" may be further limited during the school day at the discretion of the principal or technology director.

Recreational game playing outside of the assigned curriculum is not permitted at any time.

TRANSMISSION OF RECORDS AND OTHER COMMUNICATIONS

Parents/Guardians have to complete and return to the District Form 8330 F4a in order to authorize the staff to communicate with the parent/guardian via facsimile and/or electronic mail ("email"). Parents who elect to communicate with a staff member via email are required to keep the District informed of any changes to their email address.

STUDENT ASSESSMENT

State tests are given to students to monitor student achievement of grade level standards.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests help the staff determine instructional needs.

Classroom tests are given to assess student progress and assign grades. These are selected or prepared by teachers to assess student achievement on specific objectives.

Career and interest surveys may be given to identify particular areas of student interests or talent. These are often given by the guidance staff.

PUBLIC SCHOOL CHOICE OPTIONS

The No Child Left Behind Act of 2001 provides that parents/guardians of students enrolled in a Title I school in the District the first year following the building's identification as being in "School Improvement" have the right to transfer their children to another school in the District, provided there is a school that provides instruction at the students' grade level(s) and such school has not been identified as being in the process of school improvement, corrective action, or restructuring. However, if there is not another school in the District offering instruction at the students' grade level(s) that has not been identified as needing improvement, the Superintendent will contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Supplemental Education Services (SES) will also be offered to students in any school no later than the first year following the building's identification as being in "School Improvement", regardless of whether a transfer option is available.

Additionally, if a school within the District has been designated as "persistently dangerous" as defined by State law, students have the right to transfer to another "safe" school in the District. If there is not another "safe" school in the District providing instruction at the students' grade level(s), the Superintendent shall contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Further, if a student is a victim of a violent crime on school property, they also have the right to transfer to another school in the District. If there is not another school in the District providing instruction at the student's grade level, the Superintendent shall contact neighboring districts and request that they permit that student to transfer to a school in one of those districts providing instruction at the student's grade level.

SECTION III - STUDENT ACTIVITIES

SCHOOL-SPONSORED CLUBS AND ACTIVITIES

Pike-Delta-York Middle School provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be taken for credit, required for a particular course, and/or contain school subject matter.

Extra-curricular activities do not reflect the School curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy 5610.05.

NONSCHOOL-SPONSORED CLUBS AND ACTIVITIES

Non School-sponsored student groups may meet in the school building during non-instructional hours. The application for permission to use school facilities can be obtained from the Principal. The applicant must verify that the activity is being initiated by students, that attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities, and that non-school persons do not play a regular role in the meeting. All school rules relating to student conduct and equal opportunity to participate apply to such activities.

Membership in any fraternity, sorority, or other secret society as prescribed by law is not permitted. All groups must comply with School rules and must provide equal opportunity to participate.

No non district-sponsored organization may use the name of the school or school mascot on any materials or information.

ATHLETICS

Pike-Delta-York Middle School provides a variety of athletic activities in which students may participate provided they meet eligibility requirements established by the Board and by the Ohio High School Athletic Association (OHSAA). Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy 5610.05. Pay to participate may be a requirement.

The following is a list of activities currently being offered;

Fall: Football, Volleyball, Cross Country, Cheerleading

Winter: Basketball, Wrestling, Cheerleading

Spring: Track & Field

For further information, please see the athletic handbook and/or contact the Athletic Director, at 419-822-8247, ext. 3106

ACADEMIC ELIGIBILITY

Must maintain academic eligibility to participate in extracurricular activities. Students must pass 75% of their academic load and have a 1.5 GPA from the preceding grading period and maintain that 75% of classes are passing during the current term.

STUDENT EMPLOYMENT

It is recommended that students not take jobs outside of school that could interfere with their success in school. If a student elects to maintain a job in addition to going to school, they must first contact their counselor to discuss any legal requirements and to obtain any required documents.

STUDENT ATTENDANCE AT SCHOOL EVENTS

Students are encouraged to attend as many after school events as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students participating in the event.

It is strongly advised that students attending evening events as nonparticipants be accompanied by a parent or adult chaperone. The Board is not responsible for supervising unaccompanied students nor will it be responsible for students who arrive without an adult chaperone.

Reporting of Unacceptable Behavior

Those who represent the district, both staff members and volunteers, are expected to uphold high professional standards at all times, specifically with students and student athlete relationships. The District has a reporting process in place should a possible unprofessional situation occur to report possible unprofessionalism, abuse, misconduct, and/or any form of harassment.

To better keep our students, student-athletes, and staff members safe, the following methods may be used to file a report:

- Contact (email, phone call, or in person) a district administrator. The administrator could be a building principal, the athletic director, a district level administrator, or the district superintendent.
- Contact the Ohio School Safety Center Speak Up Safer Ohio School Tip Line at 844-723-3764 or through their website at ohioschoolsafetycenter.ohio.gov. With this option you may remain anonymous if you wish.
- Contact the Delta Police Department at 419-822-3232 or the Fulton County Sheriff's Office at 419-335-4010.

Please understand, your reporting may be the only way the District is made aware of a situation.

SECTION IV - STUDENT CONDUCT

ATTENDANCE

School Attendance Policy

Regular attendance is a significant student responsibility at all grade levels. Many studies correlate regular attendance with success in school. Regular attendance means that the academic learning process is not interrupted, less time is spent on make-up assignments, and students benefit from participation and interaction with others in class. Many important lessons are learned through active participation in classroom and other school activities that cannot be replaced by individual study.

Establishing a pattern of good attendance will benefit the student in school and in the workplace. Attendance is important in the development of a high-quality work ethic, which will be a significant factor in a student's success with future employers. One of the most important work habits that employers look for in hiring and promoting a person is their dependability in coming to work every day on time. This is a habit the School wants to help students develop as early as possible.

Notification of Absence

If a student will be absent, the parents must notify the School at 419-822-9118 by first bell and provide an explanation. In addition to calling the school, the parents should provide a **hand written excuse within one week** after the student's absence. When no excuse is provided, the absence will be unexcused and the student will be identified as truant for that school day. If the offered excuse for a student's absence is questionable or if the number of student absences is excessive, the school staff will notify the parents of the need for improvement in the student's attendance.

A skipped class or part of the school day will be identified as an unexcused absence and students will not be permitted to make-up missed class work. The student will also be subject to disciplinary action.

Students with a health condition that causes repeated absences must provide the administration with an explanation of the condition from a registered physician.

FULTON COUNTY UNIFORM TRUANCY PROCEDURES

Serving Fulton County Schools and Wauseon Exempted Village Schools

The Statutes governing School Attendance are very specific and leave little option for School Authorities to Excuse children from school. Parental notes/phone calls will be accepted to excuse up to 30 hours of absence per semester. A medical statement from a doctor will be required by the Attendance Officer for absences totaling more than 30 hours during any one semester (60 hours during the school year). Extenuating circumstances may be considered on a case-by-case basis for exceptions to this rule. Appeals should be made to the student's school principal.

A. DEFINITIONS

1. EXCUSED ABSENCES

- a) Medical excuse written by a doctor or school nurse;
- b) Legal excuse by any court;
- c) Limited absence by parental note, accepted by the school in accordance with local board policy. (County policy, 30 hours in a semester or 60 hours in a year.)

The Ohio Revised Code identifies the following conditions as constituting reasons for excused absence from school: Personal illness, Illness in the family, Quarantine of the home, Death of a relative, Work at home due to the absence of parents/guardian, Observance of religious holiday,

Medical or dental appointment. RC 3321 .04. Parental notes for these reasons (except when medical notes are provided) and for a fair, vacation, hunting, personal, etc. are limited to 30 hours per semester/60 hours in a year. Extenuating circumstances may be considered on a case-by-case basis.

9. ABSENCE INTERVENTION TEAM (RC 3321.191 (C) (2))

Each school district is responsible for establishing an Absence Intervention Team. Membership in the Absence Intervention Team is specified by statute. RC 3321 .191(C) (2) (c) & (d) Schools with less than 5% chronic absenteeism percentage are exempt from the requirement of establishing an Absence Intervention Team. RC 3321.19 (E)

10. SCHOOL

A school is defined as a brick-and-mortar building, virtual online, or any other assigned educational program.

B. UNEXCUSED ABSENCES

The School is expected to assign a student to an Absence Intervention Team when a student is habitually truant and make a referral to the Attendance Officer. Students, who have a substantiated history of truancy and/or have been referred to the Attendance Officer during the prior school year, should have attendance monitored closely. Referrals on students with prior attendance issues should be made to the Absence Intervention Team and the Attendance Officer in a timely manner. (A listing of these students is provided to the home school at the end of the previous or start of the new school year.)

After receiving a referral, the Attendance Officer will notify the student and his parents of the compulsory school attendance laws. A written notice to parent and child and a warning letter will be given at a home visit, or mailed to them by the Attendance Officer. Parents are advised that all further absences will require an acceptable written excuse (medical if warranted).

Copies of correspondence initiated by the Attendance Officer to the parent/guardian concerning a student will be sent to the school attended, as well as the home district school, if different, and should be filed with student's records.

School Resource Officers (SRO) Working Within districts are to make timely written reports to the Attendance Officer documenting any contact with a student, his guardian or parent concerning alleged truancy, so that due process can be completed by the Attendance Officer.

The Attendance Officer initiates all truancy actions with the appropriate court, ONLY after unsuccessful completion of the Absence Intervention Plan. RC332I. 16 (B)

C. PROHIBITION RC 3313.68

A student shall not be suspended out of school as a disciplinary action for truancy.

Students who are found to be truant or unexcused from school should be assigned to the Absence Intervention Team, prior to any involvement with the juvenile court. The Attendance Officer will determine when to refer families for Mediation, or, with prior Juvenile Court approval to Juvenile Court Diversion.

D. RC 3313.609 GRADE PROMOTION AND RETENTION POLICY (SENATE BILL 55)

(A) As used in this section:

(1) Truant means absent without cause.

(2) Academically prepared means whatever educational standard the board of education of each city, exempted village, local and joint vocational school district establishes as necessary for the promotion of a student to the next grade level pursuant to the policy adopted under division (B) of this section.

(B) The board of education of each city, exempted village, local and joint vocational school district shall adopt a grade promotion and retention policy for students. The policy shall prohibit the promotion of a student to the next grade level if the student has been truant for more than 10% (100 hours) of the required attendance days of the current school year and has failed two or more of the required curriculum subject areas in the current grade unless the student's principal and the teachers of any failed subject areas agree that the student is academically prepared to be promoted to the next grade level.

E. MEDIATION

Shalom Ministries will be providing Mediation Services to schools on a selective basis. The program will be reserved for students with problem attendance, not previously involved with the court system.

Students under age 10, and their parents, may be referred for Mediation services when absences become excessive. Principals should contact the Attendance Officer to request that Mediation be scheduled. The Mediation will be held at a student's school, facilitated by a trained mediator. (Mediations may be limited in number per district due to staffing and funding constraints).

F. **DIVERSION: UNRULY/DELINQUENCY TRUANCY COMPLAINT**

The Juvenile Court is offering a Diversion Program for habitually truant students. The goal of the Diversion Program is to avoid a permanent juvenile record for students.

In addition to a formal complaint filed by the Attendance Officer, students habitually truant may be directly referred, with prior Juvenile Court approval, to the Juvenile Court Diversion Program, by the appropriate school district or school pursuant to RC 3 121 .191 (C) (2) (b). This informal referral from the school district or school may be considered part of any Absence Intervention Plan. Those students failing the Truancy Diversion offered by the Juvenile Court may be brought officially before the Juvenile Court on the original complaint of unruly or delinquency, or a formal complaint filed by the Attendance Officer for those unsuccessful informal referrals.

1. **DIVERSION I:** First time Habitual Truants and parents/ guardians will meet with the Attendance Officer at the probation department. Principal is not required to attend Diversion I hearings. School is notified of this hearing, but is not mandated to attend. The Probation Officer will explain the complaint, and what is expected of the student/parent in order to complete Diversion I. (i.e. attend school daily, be on time, and obey all school regulations, and a tour of the Northwest Ohio Juvenile Detention Training and Rehabilitation Center.) If Diversion I is successful, student does not have a juvenile record.

Should Diversion I fail (student continues to be truant/unexcused), school will notify the Attendance Officer, who in turn will notify chief probation officer to schedule Diversion II, if appropriate.

2. **DIVERSION II:** Second time Habitual Truants and parents/guardians will meet with the Attendance Officer at the probation department. Principal is not required to attend Diversion II hearings. Students are placed on unofficial probation for 60 days, are required to tour the Northwest Ohio Juvenile Detention Training and Rehabilitation Center within 30 days if not previously completed, and must attend two office visits with a probation officer. If Diversion II is successful, student avoids a permanent Juvenile record.

Should Diversion II fail (student violates any terms of the unofficial probation) the student is referred to the Juvenile Court for formal action before the Judge.

3. **MEDICAL EXCUSES:** Once a student enters any Diversion, OR has appeared before the Juvenile Court and is under Court Order to attend school, all absences must be documented by a Medical Excuse. If no medical note is provided, absence may be entered as Unexcused, and reported to the Attendance Officer and/or Probation Officer. NOTE: Only written medical excuses (signed by a doctor) and legal proceedings (requiring student's attendance in court) are legitimate, excused absences recognized by the Juvenile Court.
4. **GOALS:** The goals of the Diversion Program are: To quickly and efficiently deal with juveniles and swiftly administer justice; To allow youth to acknowledge responsibility for their actions with appropriate consequences, to provide the youth and family with needed resources, and to prevent further involvement with the juvenile justice system.

G. **DISPOSITION OF UNRULY CHILD (HABITUALLY TRUANT)**

J. COURT APPEARANCES

The School is responsible for delivering an up-to-date attendance record to the Attendance Officer on all days of court proceedings. This record should indicate dates of excused absences and unexcused absences incurred by the student to date and show days of assignment of in-school suspension. The Juvenile Court also requires a current copy of student's grades and any disciplinary referral to include detentions/Saturday schools served or owed. The school principal or administrator is required to attend official court hearings unless excused by the Juvenile Court. The Attendance Officer will notify the principal of the date and time of hearing.

K. UNEXCUSED ABSENCES; PREGNANT AND/OR PARENTING STUDENTS

Pregnant and/or parenting students present special circumstances, and Will be addressed individually in accordance with the Procedural Guidelines established for enforcement of compulsory education laws. Compulsory school attendance for pregnant and/or parenting students Will be actively enforced, with the assistance of the Juvenile Court.

Homebound Instruction

The School may arrange for individual instruction at home for students who are unable to attend school because of an accident, illness, or disability. Such instruction may be arranged upon receipt of documentation of the student's condition from a physician. For more information, contact the principal.

Make-up of Tests and Other School Work

Students who are absent from school with an excuse shall be given the opportunity to make-up missed work. The student should contact his or her teachers as soon as possible to obtain assignments.

The number of days for completion of make-up work will be equivalent to the number of excused days of absence.

If a student misses a teacher's test due to an excused absence, they should make arrangements with the teacher to take the test at another time. If they miss a State-mandated assessment test or other standardized test, the student should consult with the guidance counselor to arrange for administration of the test at another time.

Suspension from School

Absence from school due to suspension shall be considered an authorized absence.

A suspended student will be responsible for making up school work missed due to suspension. Assignments may be obtained from teachers beginning with the first day of suspension. Make up of missed tests may be scheduled when the student returns from school.

The student must complete missed assignments during the suspension and turn them in to the teacher upon returning to school

The student will be given credit for properly-completed assignments and will receive a grade for any made-up tests.

Tardiness

Each student is expected to be in their assigned location throughout the school day. If a student is late arriving at school, they must report to the School office before going to their first assigned location. Any student who is late to class up to one (1) minute shall be disciplined by the teacher. Students who are more than five (5) minutes late will be considered absent for that instructional period.

Not being in the assigned location/class before the bell starts to ring is considered tardy.

Penalties for being tardy to classes will be as follows:

3rd tardy write up- students will be assigned an after-school detention.

4th tardy write up- students will be assigned an after-school detention.

5th tardy write up- students will be assigned an after-school detention.

6th tardy write up and above- students will be assigned a Saturday School.

The accumulation of tardies will be counted from all class periods together, not to one specific class period only. (Example: if a student is late to first period that counts as one tardy; if the student is then late to second period that counts as a second tardy towards disciplinary action).

Pike-Delta-York Middle School staff has the authority to determine if the tardy was a result of an extenuating circumstance and may excuse the tardy if deemed appropriate. An example would include but is not limited to a locker jam.

CODE OF CONDUCT

A major component of the educational program (at the school) is to prepare students to become responsible citizens by learning how to conduct themselves properly and in accordance with established standards. Students are expected to behave in accordance with Federal, State and local laws and rules and Board policies and Administrative Guidelines, and in a way that respects the rights and safety of others. Staff will take corrective action to discipline a student and/or to modify the student's behavior when a student's behavior does not fall within these parameters.

School staff may report suspected criminal misconduct by a student to law enforcement. Law enforcement officers will be permitted to carry out necessary law enforcement functions in the schools, including the removal of a student from school grounds in appropriate circumstances.

The Panther Code

The Panther Code is the basis for discipline at DMS. The code has been developed according to the universal laws of restorative justice. The three tenets of the Panther Code are:

- i. *All Panthers belong here and have equal value and dignity.*
- ii. *Our success as Panthers, individually and as a whole, is dependent upon our positive interactions with one another.*
- iii. *We as Panthers are all accountable for our own actions and must repair damage to relationships whenever possible.*

Expected Behaviors

Students are expected to:

- act courteously to adults and fellow students;
- be prompt to school and attentive in class;

- help maintain a school environment that is safe, friendly, and productive;
- act at all times in a manner that reflects pride in self, family, and in the School.

Classroom Environment

It is the responsibility of students, teachers, and administrators to maintain a classroom environment that allows:

- A. a teacher to communicate effectively with all students in the class; and
- B. all students in the class have the opportunity to learn.

Student Dress Code

Pike-Delta-York Local Schools respect students' rights to express themselves in the way they dress. All students who attend Pike-Delta-York Local Schools are also expected to respect the school community by dressing appropriately for a K-12 educational environment. Student attire should facilitate participation in learning as well as the health and safety of students and the adults who supervise them. This policy is intended to provide guidance for students, staff, and parents.

Minimum Requirements:

1. Clothing must cover areas from one armpit across to the other armpit, down to approximately 4 inches in length on the upper thighs (please see image above). Tops must have shoulder straps. Rips or tears in clothing should be lower than the 4 inches in length.
2. Shoes must be worn at all times and should be safe for the school environment (pajamas, bedroom shoes or slippers shall not be worn, except for school activities approved by school administration).
3. See-through or mesh garments must not be worn without appropriate coverage underneath that meet the minimum requirements of the dress code.
4. Headgear including hats, hoodies, and caps are not allowed unless permitted for religious, medical, or other reasons by school administration.
5. Specialized courses may require specialized attire, such as sports uniforms or safety gear.

Additional Requirements:

1. Clothing may not depict, imply, advertise, or advocate illegal, violent, or lewd conduct, weapons, or the use of alcohol, tobacco, marijuana or other controlled substances.
2. Clothing may not depict or imply pornography, nudity, or sexual acts.
3. Clothing may not display or imply vulgar, discriminatory, or obscene language or images.
4. Clothing may not state, imply, or depict hate speech/imagery targeting groups based on race, ethnicity, gender, sexual orientation, gender identity, religious affiliation, or any other protected classification.
5. Sunglasses may not be worn inside the building.
6. Clothing and accessories that endanger student or staff safety may not be worn.
7. Apparel, jewelry, accessories, tattoos, or manner of grooming that, by virtue of its color, arrangement, trademark or any other attribute, denotes membership in a gang that advocates illegal or disruptive behavior is prohibited.

The administration at each school reserves the right to determine what constitutes appropriate dress. Students who do not adhere to these guidelines will not be allowed to attend class. Parents will be called if appropriate clothing is not available or the student refuses dress-code appropriate clothing.

Habitual violations will be handled as follows:

1. The student will be informed of the violation. The student may receive disciplinary action including reprimand, detention, in-school assignment, assignment to the Fulton County Alternative School, or Saturday school. When a change of attire is required, it could include the following: turning the shirt inside out, wearing something to cover the violation, or removing the violation. Consideration will be given to

exercising the option that creates the least disruption to the educational process. The student will be removed from class and/or sent home to change only as a last resort.

The administration at each school reserves the right to add or to make adjustments to the dress code with sufficient notification to the student body (three school days), to allow for special activities or to address problematic styles of dress. School administration will make the final judgment on the acceptability of attire.

Students who are representing Pike-Delta-York Local Schools at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

Gangs

Gangs that initiate, advocate or promote activities that threaten the safety or well-being of persons or that are disruptive to the school environment will not be tolerated.

Incidents involving initiations, hazing, intimidations or related activities that are likely to cause harm or personal degradation are prohibited.

Students wearing, carrying or displaying gang paraphernalia or exhibiting behaviors or gestures that symbolize gang membership or causing and/or participating in activities that are designed to intimidate another student will be disciplined. Prohibited gang paraphernalia will be specifically identified and posted by the principal.

Care of Property

Students are responsible for the care of their own personal property. The School is not responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student damages or losses school property, the student and/or their parents will be required to pay for the replacement or repair. If the damage or loss was intentional, the student will be subject to discipline according to the Student Discipline Code.

Complaint Procedures

Building principals, assistant principals, and the Superintendent have the responsibility for conducting investigations concerning claims of aggressive behavior and/or bullying. The investigator(s) shall be a neutral party having had no involvement in the complaint presented.

Any student, employee or third party who has knowledge of conduct in violation of Policy 5517.01 or feels they has been a victim of aggressive behavior and/or bullying in violation of Policy 5517.01 is encouraged to immediately report their concerns.

Teachers and other school staff, who witness acts of harassment, intimidation, or bullying, as defined above, shall promptly notify the building principal and/or their designee of the event observed, and shall promptly file a written incident report concerning the events witnessed. Teachers and other school staff who receive student or parent reports of suspected harassment, intimidation, and bullying shall promptly notify the building principal and/or their designee of such report(s). If the report is a formal, written complaint, such complaint shall be forwarded promptly (no later than the next school day) to the building principal or their designee. If the report is an informal complaint by a student that is received by a teacher or other professional employee, they shall prepare a written report of the informal complaint which shall be promptly forwarded (no later than the next school day) to the building principal or their designee.

In addition to addressing both informal and formal complaints, school personnel are encouraged to address the issue of harassment, intimidation, or bullying in other interactions with students. School personnel may find opportunities to educate students about harassment, intimidation, and bullying and help eliminate such prohibited behaviors through class discussions, counseling, and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating, or intimidating another student even if such conduct does not meet the formal definition of "harassment, intimidation, or bullying."

All complaints will be promptly investigated in accordance with the following procedures:

Step I	Any complaints, allegations, or rumors of aggressive behavior and/or bullying shall be presented to the building principal or assistant principal or the Superintendent. Students may also report their concerns to teachers or counselors who will be responsible for notifying the appropriate administrator or Board of Education official. Complaints against the building principal shall be filed with the Superintendent. Complaints against the Superintendent shall be filed with the Board President. Information may be initially presented anonymously. All such information will be reduced to writing and should include the specific nature of the offense (e.g., the person(s) involved, number of times and places of the alleged conduct, the target of the suspected aggressive behavior and/or bullying, and the names of any potential witnesses). If the person filing the formal complaint is an adult, they must sign the charge affirming its veracity. If the person filing the formal complaint is a minor, they may either sign the charge or affirm its veracity before two (2) administrators.
Step II	The administrator/Board official receiving the complaint shall promptly investigate. Parents will be notified of the nature of any complaint involving their student. The administrator/Board official will arrange such meetings as may be necessary with all concerned parties within five (5) work days after receipt of the information or complaint. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The administrator/Board official conducting the investigation shall notify the complainant and parents as appropriate, in writing , when the investigation is concluded and a decision regarding disciplinary action, as warranted, is determined.
	A copy of the notification letter or the date and details of notification to the complainant, together with any other documentation related to the incident, including disciplinary action taken or recommended, shall be forwarded to the Superintendent.
Step III	If the complainant is not satisfied with the decision at Step II, they may submit a written appeal to the Superintendent or designee. Such appeal must be filed within ten (10) work days after receipt of the Step II decision. The Superintendent or designee will arrange such meetings with the complainant and other affected parties as deemed necessary to review and discuss the appeal. The Superintendent or designee shall provide a written decision to the complainant's appeal within ten (10) work days of the appeal being filed.

Documentation related to the incident, other than any discipline imposed or remedial action taken, will be maintained in a file separate from the student's education records or the employee's personnel file.

Publication of the Prohibition Against Harassment, Intimidation, and Bullying
 At least once each year, a written statement describing the policy and the consequences for violations of the

policy shall be sent to each student’s custodial parent/guardian. The prohibition against harassment, intimidation, or bullying shall be publicized in student handbooks and in District publications that set forth comprehensive rules, procedures and standards of conduct for students. Information regarding the policy shall be incorporated into employee training materials. The following statement shall be included:

	<p>Harassment, intimidation, or bullying behavior by any student in the Pike-Delta-York Local School District is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. "Harassment, intimidation, or bullying", in accordance with R.C. 3313.666 means any intentional written, verbal, graphic or physical act including electronically transmitted acts i.e., Internet, cell phone, personal digital assistant (PDA), or wireless hand-held device, either overt or covert, by a student or group of students toward other students, including violence within a dating relationship, with the intent to harass, intimidate, injure, threaten, ridicule, or humiliate. Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity, on school provided transportation, or at any official school bus stop that a reasonable person under the circumstances should know will have the effect of:</p>
A.	<p>Causing mental or physical harm to the other students including placing an individual in reasonable fear of physical harm and/or damaging of students’ personal property; and,</p>
B.	<p>Is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other students.</p>

Retaliation/False Charges

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry related to a complaint of aggressive behavior and/or bullying is prohibited. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated and may result in disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials. False charges shall also be regarded as a serious offense and will result in disciplinary action or other appropriate sanctions. Suspected retaliation should be reported in the same manner as aggressive behavior and/or bullying.

Remedial Actions

Verified acts of harassment, intimidation, or bullying shall result in an intervention by the building principal or their designee that is intended to provide that the prohibition against harassment, intimidation, or bullying behavior is enforced, with the goal that any such prohibited behavior will cease.

Harassment, intimidation, and bullying behavior can take many forms and can vary dramatically in seriousness and impact on the targeted individual and other students. Accordingly, there is no one prescribed response to verified acts of harassment, intimidation, and bullying. While conduct that rises to the level of "harassment, intimidation, or bullying," as defined above will generally warrant disciplinary action against the perpetrator of such prohibited behaviors whether or to what extent to impose disciplinary action (detention, in and out-of-school suspension, or expulsion) is a matter for the professional discretion of the building principal. The following sets forth possible interventions for building principals to enforce the Board’s prohibition against "harassment, intimidation, or bullying."

Non-Disciplinary Interventions

When verified acts of harassment, intimidation or bullying are identified early and/or when such verified acts do not reasonably require a disciplinary response, students may be counseled as to the definition of

harassment, intimidation, or bullying, its prohibition, and their duty to avoid any conduct that could be considered harassing, intimidating, or bullying.

If a complaint arises out of conflict between students or groups of students, peer mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. The victim's communication and assertiveness skills may be low and could be further eroded by fear resulting from past intimidation and fear of future intimidation. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

Disciplinary Interventions

When acts of harassment, intimidation, and bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints that are not otherwise verified, however, shall not be the basis for disciplinary action.

In- and out-of-school suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation.

Expulsion may be imposed in accordance with Board policy. This consequence shall be reserved for serious incidents of harassment, intimidation, or bullying and/or when past interventions have not been successful in eliminating prohibited behaviors.

Reporting Obligations

If after investigation, acts of harassment, intimidation, or bullying by a specific student are verified, the principal shall notify, in writing, the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

If after investigation, acts of bullying against a specific student are verified, the Principal shall notify in writing the custodial parent/guardian of the victim of such finding. In providing such notification, care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, or bullying.

Semiannually, the Superintendent shall provide the Board President a written summary of all reported incidents of harassment, intimidation, or bullying and post the summary on the District website.

Intervention Strategies

In addition to the prompt investigation of complaints of harassment, intimidation, or bullying and direct intervention when such prohibited acts are verified, other District actions may ameliorate any potential problem with harassment, intimidation or bullying in school or at school-sponsored activities. While no specific action is required and school needs for such interventions may vary from time-to-time, the following list of potential intervention strategies shall serve as a resource for administrators and school personnel:

A.	Respectful responses to harassment, intimidation or bullying concerns raised by students, parents, or school personnel.
B.	Planned professional development programs addressing targeted individuals' problem, including what is safe and acceptable Internet use.
C.	Data collection to document victim problems to determine the nature and scope of the problem.
D.	Use of peers to help ameliorate the plight of victims and include them in group activities.
E.	Avoidance of sex-role stereotyping (e.g., males need to be strong and tough).
F.	Awareness and involvement on the part of all school personnel and parents with regard to victim problems.
G.	An attitude that promotes communication, friendship, assertiveness skills and character education.
H.	Modeling by school personnel of positive, respectful, and supportive behavior

	toward students.
I.	Creating a school atmosphere of team spirit and collaboration that promotes appropriate social behavior by students in support of others (Ohio School Climate Guidelines).
J.	Employing classroom strategies that instruct students how to work together in a collaborative and supportive atmosphere.
K.	Form harassment, intimidation, and bullying task forces, programs, and other initiatives involving volunteers, parents, law enforcement, and community members.

Intervention Strategies for Protecting Victims

A.	Supervise and discipline offending students fairly and consistently.
B.	Provide adult supervision during recess, lunch time, bathroom breaks, and in the hallways during times of transition.
C.	Maintain contact with parents and guardians of all involved parties.
D.	Assist the victims to obtain counseling if assessment indicates that it is needed.
E.	Inform school personnel of the incident and instruct them to monitor the victim and the offending party for indications of harassing, intimidating, and bullying behavior. Personnel are to intervene when prohibited behaviors are witnessed.
F.	Check with the victim daily to verify that there have been no incidents of harassment, intimidation, bullying, or retaliation from the offender or other parties.

Training

Orientation sessions for students shall introduce the elements of this policy and procedure. Students will be provided with age-appropriate information on the recognition and prevention of harassment, intimidation, or bullying, including dating violence prevention education in grades 7-12, written or verbal discussion of the consequences for violations of Policy 5517.01, and their rights and responsibilities under this and other District policies, procedures, and rules, at student orientation sessions and on other appropriate occasions. Parents will be provided with information about this policy and procedure, as well as information about other District and school rules and disciplinary policies. This policy and procedure shall be reproduced in student, staff, volunteer, and parent handbooks.

Information regarding the policy on harassment, intimidation, and bullying behaviors shall be incorporated into training materials use with employees and volunteers with direct contact with students. The in-service education provided to middle and high school employees shall include training in the prevention of dating violence. Time spent by school employees in the training, workshops, or courses shall apply toward any State or District-mandated continuing education requirements.

School personnel members are encouraged to address the issue of harassment, intimidation, and bullying in other interactions with students. School personnel may find opportunities to educate students about bullying and help eliminate bullying behavior through class discussions, counseling, and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating, or intimidating another student, even if such conduct does not meet the formal definition of "harassment, intimidation, or bullying."

Police and Child Protective Services

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services (CPS), according to the prescribed timelines. The School District shall also investigate for the purpose of determining whether there has been a violation of District Policy, even if law enforcement or CPS officials are also investigating. All School District personnel shall cooperate with investigations by outside agencies.

In addition to, or instead of, filing a bullying, harassment, or intimidation complaint through this policy, a complainant may choose to exercise other options, including but not limited to filing a complaint with outside agencies or filing a private lawsuit. Nothing prohibits a complainant from seeking redress under other provisions of the Revised Code or law that may apply.

ZERO TOLERANCE

No form of violent, disruptive, or inappropriate behavior, including excessive truancy, will be tolerated.

STUDENT DISCIPLINE CODE

Each of the behaviors and/or types of misconduct described below are prohibited and may subject the student to disciplinary action including, but not limited to, student conference, parent/guardian notification, parent/guardian conference, detention, in-school discipline, suspension and/or expulsion from school. Furthermore, any criminal acts committed at or related to the School will be reported to law enforcement officials as well as disciplined at school. Certain criminal acts may result in permanent exclusion from school.

1. Possession/use of drugs and/or alcohol

Possessing, using, transmitting or concealing, or being under the influence of any alcoholic beverage, controlled substance including, but not limited to, narcotics, mood altering drugs, counterfeit controlled substances, look-alikes, over the counter stimulants or depressants, anabolic steroids, or drug-related paraphernalia.

If a building principal has a reasonable individualized suspicion of drug or alcohol use, they may request the student in question to submit to any appropriate testing, including but not limited to, a breathalyzer test or urinalysis. In such circumstances, the student will be taken to a private administrative or instructional area on school property for such testing with at least one other member of the teaching or administrative staff present as a witness to the test. If a student refuses to take the test, they will be advised that such denial leaves the observed evidence of alcohol or drug use unrefuted thus leading to possible disciplinary action. The student will then be given a second opportunity to take the test.

Furthermore, if there is, in the opinion of the administration, reasonable cause to believe that a student has violated the Substance Abuse policy, a standard protocol will be followed:

- Ensuring student safety will be the primary immediate concern. Therefore:
 - An immediate attempt to reach parents will be made
 - Students will be directed to remain with staff in a designated area.
 - The first option for the student is to cooperate with the administration, in which case the violation will be handled within the school.
 - Leaving the premises and/or failure to cooperate will result in police involvement
 - As per board policy, a search may be conducted

2. Possession / use of tobacco/nicotine

Possession, consumption, distribution, purchase or attempt to purchase, and/or use of tobacco/nicotine products or electronic cigarettes or similar devices in school, on school grounds, on school buses, and at any interscholastic competition, extra-curricular event, or other school-sponsored event is prohibited. Tobacco/nicotine products include, but are not limited to cigarettes, cigars, pipe tobacco, chewing tobacco, snuff or any other matter or substance that contains tobacco/nicotine. Smoking of electronic, "vapor", other substitute forms of cigarettes, or clove cigarettes is also prohibited.

3. Use and / or possession of a firearm

Bringing a firearm (as defined in the Federal Gun-Free Schools Act of 1994) onto school property or to any school-sponsored activity, competition, program, or event, regardless of where it occurs, will result in a mandatory one (1) year expulsion under Ohio law. This expulsion may be reduced on a case-by-case basis by the Superintendent using the guideline(s) set forth in Board Policy 5772.

Students are prohibited from knowingly possessing an object on school premises, in a school or a school building, at a school activity or on a school bus that is indistinguishable from a firearm, whether or not the object is capable of being fired, and indicating they are in possession of such an object and that it is a firearm or knowingly displaying or brandishing the object and indicating it is a firearm.

4. Use and / or possession of a weapon

A weapon is any device that may be used for offensive or defensive purposes, including but not limited to conventional objects such as guns, pellet guns, knives, or club type implements. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Possession and/or use of a weapon may subject a student to expulsion and possible permanent exclusion.

A knife is defined as any cutting instrument consisting of a sharp blade fastened to a handle, a razor blade or any similar device that is used for, or is readily capable of causing death or serious bodily injury.

5. Use of an object as a weapon

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, and jewelry.

6. Knowledge of dangerous weapons or threats of violence

Because the Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the Principal. Failure to report such knowledge may subject the student to discipline.

7. Arson

Intentional or purposeful destruction or damage to school or district buildings or property by means of fire. Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony.

8. Physically assaulting a staff member/student/person associated with the District.

Acting with intent to cause fear in another person of immediate bodily harm or death, or intentionally bullying, inflicting or attempting to inflict bodily harm upon another person. Physical assault of a staff member, student, or other person associated with the District, regardless of whether it causes injury, will not be tolerated. Any intentional, harmful or potentially harmful physical contact or bullying initiated by a student against a staff member will be considered to be assault. Assault may result in criminal charges and may subject the student to expulsion.

9. Verbally threatening (either orally, in writing or otherwise expressed) a staff member/student/person associated with the District.

Any oral or written statement or otherwise expressed action that a staff member, student, or other person associated with the District reasonably feels to be a threat will be considered a verbal assault. Profanity directed toward a staff member in a threatening tone may also be considered a verbal assault. Confrontation with a student or staff member that bullies, intimidates, or causes fear of bodily harm or death is also prohibited.

10. Misconduct against a school official or employee, or the property of such a person, regardless of where it occurs.

The Board prohibits misconduct committed by a student against a school official or employee, including, but not limited to, harassment (of any type), vandalization, assault (verbal and/or physical), and destruction of property.

11. Misconduct off school grounds

Students may be subject to discipline for their misconduct even when it occurs off school property when the misconduct is connected to activities or incidents that occurred on property owned or controlled by the District.

Misconduct is defined as any violation of the Student Discipline Code.

12. Extortion

Extortion is the use of threat, intimidation, force, or deception to take, or receive something from someone else. Extortion is against the law.

13. Gambling

Gambling (i.e., playing a game of chance for stakes) includes casual betting, betting pools, organized-sports betting, and any other form of wagering. Students who bet on any school activity in which they are involved may also be banned from that school activity.

14. Falsification of school work, identification, forgery

Falsifying signatures or data, or refusing to give proper identification or giving false information to a staff member. This prohibition includes, but is not limited to, forgery of hall/bus passes and excuses, as well as use of false I.D.'s.

Plagiarism and cheating are also forms of falsification and will subject the student to academic penalties as well as disciplinary action.

15. Bomb Threats, and other false alarms and reports

Making a bomb threat (i.e., intentionally giving a false alarm of a bomb) against a school building or any premises at which a school activity is being held at the time the threat is made may result in expulsion for a period of up to one (1) school year. Additionally, intentionally giving a false alarm of a fire, or tampering or interfering with any fire alarm is prohibited. It should be remembered that false emergency alarms or reports endanger the safety forces that are responding to the alarm/report, the citizens of the community, and the persons in the building. What may seem like a prank, is a dangerous stunt that is against the law and will subject the student to disciplinary action.

16. Terroristic Threat

Threatening, directly or indirectly, to commit a crime of violence with the purpose to terrorize another or with reckless disregard of the risk of causing terror in another.

17. Possession and/or use of explosives and/or fireworks

Possessing or using any compound or mixture, the primary or common purpose of which is to function by explosion, with substantially instantaneous release of gas and heat (including, but not limited to explosives and chemical-reaction objects such as smoke bombs and poppers). Additionally, possessing or offering for sale any substance, combination of substances or article prepared to produce a visible and/or audible effect by combustion, explosion, deflagration or detonation.

18. Trespassing

Although schools are public facilities, the law allows the Board to restrict access to school property. Being present in any Board-owned facility or portion of a Board-owned facility when it is closed to the public or when the student does not have the authorization to be there, or unauthorized presence in a Board-owned vehicle; or unauthorized access or activity in a Board-owned computer, into district, school or staff computer files, into a school or district file server, or into the Network. When a student has been removed, suspended, expelled, or permanently excluded from school, the student is prohibited from being present on school property without authorization of the principal.

19. Theft, or knowingly receiving or possessing stolen property

Unauthorized taking of property of another person or receiving or possessing such property. Students caught stealing will be disciplined and may be reported to law enforcement officials. Students should not bring anything of value to school without prior authorization from the principal. The School is not responsible for personal property.

20. Insubordination

Students are expected to comply with the reasonable directions of staff. Willful refusal or failure to follow or comply with an appropriate direction given by a staff member, or acting in defiance of staff members.

21. Damaging property (Vandalism)

Defacing, cutting, or otherwise damaging property that belongs to the school, district, other students, employees or others and disregard for school property.

22. Persistent absence or tardiness

Attendance laws require students to be in school all day or to have a legitimate excuse for their absence. Penalties for unexcused absences can range from detention to a referral to court and/or revocation of the student's driver's license.

23. Unauthorized use of school or private property

Students must obtain permission to use any school property or any private property located on school premises. Any unauthorized use of school property, or private property located on school premises, shall be subject to disciplinary action.

24. Refusing to accept discipline

Students failing to comply with disciplinary penalties may face enhanced penalties for such action.

25. Aiding or abetting violation of school rules

Assisting other students in the violation of any school rule. Students are expected to resist peer pressure and exercise sound decision-making regarding their behavior.

26. Displays of affection/sexual activities

Affection between students is personal and not meant for public display. This includes touching, petting, or any other contact that may be considered sexual in nature. Sexual activity of any nature is prohibited and will result in disciplinary action.

27. Possession of electronic equipment

The School will supply any electronic equipment or devices necessary for participation in the educational program. Students shall not use or possess any electronic equipment on school property or at any school sponsored activity without the permission of the principal and teacher. Examples of prohibited devices include but are not limited to radios, "boom-boxes", headphones, CD/MP3 players, portable TV's, electronic games/toys, pagers, cellular telephones, beepers, other paging devices and other electronic communication devices, and the like. Unauthorized electronic equipment will be confiscated from the student by school personnel and disciplinary action will be taken.

28. Violation of individual school/classroom rules

Each learning environment has different rules for students. These rules are for the safe and orderly operation of that environment. Students will be oriented to specific rules within each learning environment, all of which will be consistent with this Code.

29. Violation of bus rules

Please see Section V – Transportation.

30. Interference, disruption, or obstruction of the educational process

Any actions or manner of dress that materially and substantially disrupts or interferes with school activities or the educational process, or which threaten to do so are unacceptable. Such disruptions include, but are not limited to, delay or prevention of lessons, assemblies, field trips, athletic and performing arts events.

31. Harassment and / or Aggressive Behavior (including Bullying / Cyberbullying)

The Board encourages the promotion of positive interpersonal relations between members of the school community. Harassment and/or aggressive behavior (including bullying/cyberbullying) toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse, and any speech or action that creates a hostile, intimidating, or offensive learning environment. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. Individuals engaging in such conduct will be subject to disciplinary action.

Conduct constituting sexual harassment, may include, but is not limited to:

- A. verbal harassment or abuse;
- B. pressure for sexual activity;
- C. repeated remarks with sexual or demeaning implications;
- D. unwelcome touching;
- E. sexual jokes, posters, cartoons, etc.;
- F. suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades or safety;
- G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

Note: An inappropriate boundary invasion by a District employee or other adult member of the School District community into a student's personal space and personal life is sexual harassment. Further, any administrator, teacher, coach, other school authority who engages in sexual or other inappropriate physical contact with a student may be guilty of criminal "child abuse" as defined in State law.

Conduct constituting harassment on the basis of race, color, national origin, religion, or disability may take different forms, including, but not limited to, the following:

- A. **Verbal:** The making of offensive written or oral innuendoes, comments, jokes, insults, threats, or disparaging remarks concerning a person's race, color, national origin, religious beliefs, or disability.
- B. **Nonverbal:** Placing offensive objects, pictures, or graphic commentaries in the school environment or making insulting or threatening gestures based upon a person's race, color, national origin, religious beliefs, or disability.
- C. **Physical:** Any intimidating or disparaging action such as hitting, pushing, shoving, hissing, or spitting, on or by a fellow staff member, students, or other person associated with the District, or third parties, based upon the person's race, color, national origin, religious beliefs, or disability.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Any student who believes that they are the victim of any of the above actions or has observed such actions by another student, staff member, or other person associated with the District, or by third parties should contact the District's Anti-Harassment Complaint Coordinator(s): **Ellen Bernal, Principal**.

The Complaint Coordinators are available during regular school hours to discuss a student's concerns related to harassment and/or bullying/cyberbullying, to assist a student who seeks support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student.

The student may report their concerns to the Anti-Harassment Complaint Coordinators either by a written report, telephone, or personal visit. In reporting their concerns, the student should provide the name of the person(s) whom they believe to be responsible for the harassment and or bullying/cyberbullying and the nature of the harassing and/or bullying/cyberbullying incident(s). The Anti-Harassment Complaint Coordinators will promptly compile a written summary of each such report that will be forwarded to the Principal.

Each report will be investigated in a timely manner and as confidentially as possible. The District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. While a charge is under investigation, no information will be released to anyone who is not involved with the investigation, except as may be required by law or in the context of a legal or administrative proceeding. All records generated under the terms of this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law. All individuals involved in an investigation as either a witness, victim or alleged harasser and/or bully/cyberbully will be instructed not to discuss the subject outside of the investigation.

If an investigation reveals that a harassment and/or bullying/cyberbullying complaint is valid, appropriate remedial and or disciplinary action will be taken promptly to prevent the continuance of the harassment and/or bullying/cyberbullying or its recurrence.

Given the nature of harassing and/or bullying/cyberbullying behavior, the School recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment and/or bullying/cyberbullying allegations or charges.

Some forms of sexual harassment of a student may reasonably be considered child abuse that must be reported to the proper authorities.

These guidelines shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of harassment and/or aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as harassment and aggressive behavior. Making intentionally false reports about harassment or aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Anyone having further questions concerning prohibited behaviors and/or the complaint process should request a copy of Board policies and administrative guidelines 5517 and 5517.01.

Performing any act, or coercing another, including the victim, to perform any act of initiation into any class, team, or organization, that causes or creates a substantial risk of causing mental or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this rule.

Hazing by any individual, school group, club, or team is not permitted. This includes any form of initiation that causes or creates a risk of causing mental or physical harm, no matter how willing the participant may be. Hazing activities are prohibited at any time in school facilities, on school property, and/or off school property but connected to activities or incidents that have occurred on school property.

All incidents of hazing must be reported immediately to any of the following individuals: the building principal or other administrator; teacher; coach; student club advisor/supervisor, and/or Superintendent. Students who engage in hazing may also be liable for civil and criminal penalties.

33. Violent Conduct

Students may be expelled for up to one school year for committing an act at school, on other school property, at an interscholastic competition, extracurricular event, or any other school program, or directing an act at a Board official or employee, regardless of where or when that act may occur, or their property that would be a criminal offense if committed by an adult and results in serious physical harm to person(s) or property.

34. Improper Dress

Clothing may not include words or visuals that are lewd, obscene, disruptive, abusive, or discriminatory, or that advertise drugs, alcohol or tobacco. Dress or grooming that is disruptive of the classroom or school atmosphere is not allowed. Shoes must be worn at all times for health and safety reasons. Please see the Student Dress Code on page 38.

35. Careless or Reckless Driving

Driving on school property in such a manner as to endanger persons or property.

36. Burglary

Entering a building or a specific area of a building without consent and with intent to commit a crime, or entering a building without consent and committing a crime.

37. Fighting

Engaging in adversarial physical contact (differentiated from poking, pushing, shoving or scuffling) in which one or the other party(ies) or both contributed to the situation by verbally instigating a fight and/or physical action. Promoting or instigating a fight (i.e., contributing to a fight verbally or through behavior).

38. Lighting Incendiary Devices

Unauthorized igniting of matches, lighters and other devices that produce flames.

39. Possession of Pornography

Possessing sexually explicit material.

40. Unauthorized use of vehicles

Occupying or using vehicles during school hours without parental permission and/or school authorization.

DISCIPLINE

It is important to remember that the School's rules apply going to and from school, at school, on school property, at school-sponsored events, on school transportation, and on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled

by the Board. Furthermore, students may be disciplined for conduct that, regardless of where or when it occurs, is directed at a Board official or employee, or the property of such official or employee. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

The School is committed to providing prompt, reasonable discipline consistent with the severity of the incident. The consequences for misbehavior are designed to be fair, firm and consistent for all students in the School.

Because it is not possible to list every misbehavior that occurs, misbehaviors not listed above will be responded to as necessary by staff.

Two (2) types of discipline are possible, *informal and formal*.

Informal Discipline

Informal discipline takes place within the School. It includes:

- writing assignments;
- change of seating or location;
- pre-school, lunch-time, after-school detention;
- in-school discipline;
- Saturday morning/Friday night school.

After School Detention

A student may be detained after school or asked to come to school early by a teacher, after giving the student and their parents one day's notice. The student or their parents are responsible for transportation.

In-School Assignment

A student missing any portion of their assigned time in After School Detention or In-School Assignment. Failure to timely serve After School Detention or In-School Assignments may lead to suspension from school for a period not to exceed 3 days. Any such suspension shall be in accordance with District guidelines on suspension and expulsion.

The following rules apply to After School Detention and In-School Assignment:

- Students are required to have class assignments with them.
- Students are not to communicate with each other unless given permission to do so.
- Students are to remain in their designated seats at all times unless permission is granted to do otherwise.
- Students shall not be allowed to put their heads down or sleep.
- No electronic communication devices, radios, CD/MP3 players, cards, magazines, or other entertainment/recreational articles or devices shall be allowed in the room.
- No food or beverages shall be consumed.
- Any student who has not passed all of the State-mandated assessment tests will be required to work on a study packet for one or more of the unpassed tests.

Transportation to and from After School Detention is the student/parent's responsibility.

Formal Discipline

Formal discipline involves removal of the student from school. It includes emergency removal for up to three (3) school days, suspension for up to ten (10) school days, expulsion for up to eighty (80) school days or the number of days remaining in a semester, whichever is greater, and permanent exclusion. Suspensions and expulsions may carry over into the next school year. Any student who is expelled from school for more

than twenty (20) days or for any period of time if the expulsion will extend into the following semester or school year will be provided with information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitude and behavior that contributed to the incident that gave rise to the student's expulsion. The Superintendent at their discretion may require/allow a student to perform community service in conjunction with or in place of an expulsion. The Superintendent may impose a community service requirement beyond the end of the school year in lieu of applying the expulsion to the following school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed. Suspension, expulsion, and permanent exclusion may be appealed.

Students being considered for suspension are entitled to an informal meeting with the building administrator prior to removal. Also, students being considered for expulsion are entitled to an informal meeting with the Superintendent or designee prior to removal. During the informal meeting, the student will be notified of the charges and given the opportunity to respond.

Students involved in co-curricular and extra-curricular activities such as band and athletics can lose their eligibility for violation of the School rules.

If a student commits a crime while under the School's jurisdiction, they may be subject to school disciplinary action as well as action through local law enforcement.

DUE PROCESS RIGHTS

Before a student is suspended, expelled, or permanently excluded from school, there are specific procedures that must be followed. As long as the in-school discipline is served entirely in the school setting, it will not require any notice or meeting, or be subject to appeal

Suspension from School

When a student is being considered for a suspension, the administrator in charge will notify the student of the basis for the proposed suspension. The student will be given an opportunity to explain their view of the underlying facts. After that informal hearing, the Principal [or assistant principal or other administrator] will determine whether or not to suspend the student. If the decision is made to suspend the student, they and their parents will be given written notification of the suspension within one (1) day setting forth the reason for the suspension, the length of the suspension, and the process for appeal. The suspension may be appealed, within 2 days after receipt of the suspension notice, to the Superintendent. The request for an appeal must be in writing.

During the appeal process, the student shall not be allowed to remain in school.

If the appeal is heard by the Board's designee, the appeal shall be conducted in a private hearing. If the appeal is heard by the Board of Education, the appeal shall be conducted in executive session unless the student or their representative requests otherwise. A verbatim transcript will be made and witnesses will be sworn in prior to giving testimony. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

Emergency Removal

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process taking place either in a classroom or elsewhere on the school premises, the Superintendent, principal or assistant principal may remove the student from any curricular or extracurricular

activity or from the school premises. A teacher may remove the student from any curricular or extracurricular activity under the teacher's supervision, but not from the premises.

If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal in writing within one (1) school day. No prior notice or hearing is required for any removal under this procedure. In all cases of normal disciplinary procedures where a student is removed from curricular or extracurricular activity for less than one school day, and is not subject to further suspension for expulsion, the following due process requirements do not apply.

If the emergency removal exceeds one (1) school day, then a hearing will be held within three (3) school days after the removal is ordered. Written notice of the hearing and the reasons for removal and any intended disciplinary action will be provided to the student, as soon as practical prior to the hearing. If the student is subject to an out of school suspension, the student will have the opportunity to appear at an informal hearing before the principal, assistant principal, Superintendent or a designee, and may challenge the reasons for the removal or otherwise explain their actions.

Within one (1) school day of the decision to suspend, written notification will be given to the parent(s)/guardian(s) or custodian(s) of the student. This notice will include the reasons for the suspension, the right of the student or their parent(s)/guardian(s) or custodian(s) to appeal to the Board or its designee, and the student's right to be represented in all appeal proceedings. If it is likely that the student may be subject to expulsion, the hearing will take place within three (3) school days and will be held in accordance with the procedures outlined in the Student Expulsion Policy. The person who ordered or requested the removal will be present at the hearing. In an emergency removal, a student may be kept from class until the matter of the alleged misconduct is resolved either by reinstatement, suspension or expulsion.

Expulsion from School

When a student is being considered for expulsion, the student and parent will be provided with a formal notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person before the Superintendent or the Superintendent's designee to challenge the reasons for the expulsion and/or explain the student's action, and notification of the time and place to appear. Students being considered for expulsion may be removed immediately. A hearing will be scheduled no earlier than three (3), nor no later than five (5) school days after the notice is given. Parents may request an extension of time for the hearing. The student may be represented by their parents, legal counsel, and/or by a person of their choice at the hearing.

In accordance with Board Policy 5610, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled.

If a student is expelled, the student and the student's parents will be provided with written notice within one (1) school day of the imposed expulsion. The notice will include the reasons for the expulsion, the right of the student, or the student's parent(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board or its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee, and the right to request that the hearing be held in executive session.

Within 2 days after the Superintendent notifies the parents of the expulsion, the expulsion may be appealed, in writing, to the Board of Education or its designee. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the expulsion is upheld on appeal, a student's parents may pursue further appeal to the Court of Common Pleas.

Students serving expulsions will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations including use or possession of alcohol or drugs, may result in revocation of student's

driver's license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the Postsecondary Enrollment Option at the time the expulsion is imposed.

Permanent Exclusion

State law provides for the permanent exclusion of a student, 16 years of age or older who engages in certain criminal activity. Permanently excluded students may never be permitted to return to school anywhere in the State of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one or more of the following crimes while on the property of any Ohio school:

- A. conveying deadly weapons onto school property or to a school function;
- B. possessing deadly weapons onto school property or at a school function;
- C. carrying a concealed weapon onto school property or at a school function;
- D. trafficking in drugs onto school property or at a school function;
- E. murder, aggravated murder on school property or at a school function;
- F. voluntary or involuntary manslaughter on school grounds or at a school function;
- G. assault or aggravated assault on school property or at a school function;
- H. rape, gross sexual imposition or felonious sexual penetration on school grounds, or at a school function, when the victim is a school employee;
- I. complicity in any of the above offenses, regardless of the location.

This process is formal and may follow an expulsion with the proper notification to the parents.

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Improvement Act (I.D.E.I.A.), and, where applicable, the Americans with Disabilities Act (A.D.A.), and/or Section 504 of the Rehabilitation Act of 1973.

Suspension of Bus Riding / Transportation Privileges

When a student is being considered for suspension of bus riding/transportation privileges, the administrator in charge will notify the student of the reason. The student will be given an opportunity to address the basis for the proposed suspension at an informal hearing. After that informal hearing, the principal [or assistant principal or other administrator] will decide whether or not to suspend their bus riding/transportation privileges for all or part of the school year.

If a student's bus riding/transportation privileges are suspended, they and their parents will be notified, in writing within one day, of the reason for and the length of the suspension.

SEARCH AND SEIZURE

Administrators may search a student or their property (including vehicles, purses, knapsacks, gym bags, etc.) with or without the student's consent, whenever they reasonably suspect that a search will lead to the discovery of evidence of a violation of law or school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. General housekeeping inspection of school property may be conducted with reasonable notice. Student lockers are the property of the District and students have no reasonable expectation of privacy in their contents or in the contents of any other District property including desks or other containers. School authorities may conduct random searches of the lockers and their contents at any time without announcement. Unannounced and random canine searches may also be conducted.

Additionally, students have NO reasonable expectation of privacy in their actions in public areas including but not limited to, common areas, hallways, cafeterias, classrooms and gymnasiums. The District may use video cameras in such areas and on all school vehicles transporting students to and from regular and extracurricular activities.

Anything that is found in the course of a search may be used as evidence of a violation of school rules or the law, and may be taken, held or turned over to the police. The School reserves the right not to return items that have been confiscated.

INTERROGATION OF STUDENTS

The School is committed to protecting students from harm that may be connected with the school environment and also recognizes its responsibility to cooperate with law enforcement and public child welfare agencies. While the School believes these agencies should conduct their investigations off school property if possible, investigations can take place at school in emergency situations or if the violation being investigated occurred on school property.

Before students are questioned as witnesses or suspects in an alleged criminal violation, the building administrator will attempt to contact a parent prior to questioning and shall remain in the room during questioning.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will attempt to contact a parent prior to questioning, and they (or a designated guidance counselor) will remain in the room during questioning. If the agency investigating the alleged child abuse or neglect suspects the parent is the perpetrator, neither parent will be contacted prior to questioning, but the building administrator (or a designated guidance counselor) will remain in the room during questioning.

If law enforcement or children's services agency removes a student from school, the building administrator will notify a parent.

STUDENT RIGHTS OF EXPRESSION

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do so appropriately. Students may distribute or display, at appropriate times, nonsponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet school guidelines.

- A. Material cannot be displayed if it:
 - 1. is obscene to minors, libelous, or pervasively indecent or vulgar;
 - 2. advertises any product or service not permitted to minors by law;
 - 3. intends to be insulting or harassing;
 - 4. intends to incite fighting; or
 - 5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.
- B. Material may not be displayed or distributed during class periods, or between classes. Permission may be granted for display or distribution during lunch periods, and/or before or after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether materials they wish to display meet school guidelines may present them to the principal twenty-four (24) hours prior to display.

SECTION V - TRANSPORTATION

Bus Transportation to School

The School provides transportation for all students who live farther than 2 miles from school. The transportation schedule and routes are available by contacting the Transportation Supervisor at 419-822-3391, ext. 5125.

Students may only ride assigned buses and must board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Principal.

The principal may approve a change in a student's regular assigned bus stop to address a special need. Parents should send a note to the principal stating the reason for the request and the duration of the requested change.

Bus Conduct

Students who are riding to and from school on District-provided transportation must follow all basic safety rules. This applies to school-owned buses as well as any contracted transportation.

The driver may assign seating or direct students in any reasonable manner to maintain transportation safety.

Students must comply with the following basic safety rules:

Prior to loading (on the road and at school)

Each student shall:

- be on time at the designated loading zone 5 minutes prior to scheduled stop;
- stay off the road at all times while walking to and waiting for school transportation;
- line up single file off the roadway to enter;
- wait until the school transportation is completely stopped before moving forward to enter;
- refrain from crossing a highway until the driver signals it is safe to cross;
- properly board and depart the vehicle;
- go immediately to a seat and be seated.

It is the parents' responsibility to inform the bus driver when their child will not be aboard school transportation. Drivers will not wait for students who are not at their designated stops on time.

During the trip

Each student shall:

- remain seated while the school transportation is in motion;
- keep head, hands, arms, and legs inside the school transportation at all times;
- not push, shove or engage in scuffling;
- not litter in the school vehicle or throw anything in, into, or from the vehicle;
- keep books, packages, coats, and all other objects out of the aisle;

- be courteous to the driver and to other riders;
- not eat or play games, cards, etc.;
- not use nuisance devices (e.g., laser pointers) on the bus in a way that disrupts the safe transportation of students and/or endangers students or employees;
- not tamper with the school vehicle or any of its equipment (including, but not limited to emergency and/or safety equipment).

Exiting the school vehicle

Each student shall:

- remain seated until the vehicle has stopped;
- cross the road, when necessary, at least 10 feet in front of the vehicle, but only after the driver signals that it is safe;
- be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless they have proper authorization from school officials.

Videotapes on School Buses

The Board of Education has installed video cameras on school buses to monitor student behavior.

If a student misbehaves on a bus and their actions are recorded on a videotape, the tape will be submitted to the Principal and may be used as evidence of misbehavior.

Penalties for Infractions

A student who misbehaves on the bus shall be disciplined in accordance with the Student Discipline Code and may lose the privilege of riding on the bus.

Transportation of Students by Private Vehicle

When transportation by District vehicle is either not available or feasible, there may be a need to provide transportation to students by private vehicle. However, no students will be permitted to ride in a private vehicle unless written consent is provided by each student's parent using Form 8660 F2 – Parental Consent for Transportation by Private Vehicle. Upon request, parents of participating students will be given the name of the driver, the owner of the vehicle, and the description of the vehicle.

Self-Transportation to School

Driving to school is a privilege that can be revoked at any time. Students who are provided the opportunity to ride school transportation are encouraged to do so. Students and their parents assume full responsibility and liability for any transportation to and from school not officially provided by the School.

Use of Motorized Utility Vehicles

Because of the clear and present danger of accidents, the Board of Education prohibits the use of motorized utility vehicles by students on school grounds or for school activity purposes.
