

MEETthe..... TEACHER

Welcome to the 2020-2021 school year! We are excited to be welcoming our students back...we have missed all of them! As you know, there are many changes taking place in the way that school will look this year, and this includes Open House. In an effort to uphold safety requirements, and keep all students and staff as safe and healthy as can be, we will be holding a virtual Meet the Teacher Night. This will take place on **Monday, August 17 from 5:00-6:30**. Each teacher will be scheduling a Zoom meeting, and parents are encouraged to join the call as it works for their schedules. During this Zoom call, you and your child will be able to introduce yourselves to the teacher and take a few minutes to get to know one another. Then, over the course of the first couple of weeks of school, the teacher will reach out and have a more personal conversation with parents to discuss any concerns or needs of the student.

*****NOTE: Zoom links can be found on the PDYS website, under the Delta Elementary Page.***

Typically at Open House you are able to bring in your child's school supplies and leave them at the school. We understand that bringing all of those supplies on the first day of school may be difficult. Please feel free to send supplies over the course of the first few days, with your child as we are restricting any visitors to the building.

We know that starting a new school year can cause anxiety for some students, especially when they have not had the chance to visit their classrooms. Rest assured that on the first day of school we will have many teachers around the school to help students find their classrooms. We will be available for any needed support they may need!

We appreciate your understanding and flexibility during this tough time. Please feel free to reach out with questions. We are looking forward to working with you this year to have a great school year!

Thank you,
Mrs. Bernal
